Please RSVP 214.818.0344

Keynote address: Kay Ellis

Reception following

*M*ore than 125 years ago, Juliette Peak Fowler dreamed of an intergenerational community of care for children and older adults thus Juliette Fowler Communities was born. A part of Juliette's legacy, Fowler Christian Apartments provides affordable residences for older adults with limited incomes in an environment that offers choice, community and connection.

Fowler Christian Apartments III, is the newest of three affordable properties within Juliette Fowler Communities. A three story building, FCA III will include 36 apartments, each with 514 square feet and fully accessible amenities. Residents will enjoy scheduled programming and social events in the 2,000 square foot community room. Additional community benefits include a chapel, outdoor swimming pool, walking trails, beauty and barber services, transportation and a dining room.

All FCA properties offer rental subsidy to residents through the Department of Housing and Urban Development, which funds Section 202 Supportive Housing for the Elderly. FCA III was built with grants from HUD and the City of Dallas, as well as support from Juliette Fowler Communities and the JFC Foundation.

A member organization of the Christian Church in the Southwest (Disciples of Christ), Juliette Fowler Communities is a 501(c)(3) nonprofit and provides a life of fulfillment for all generations.
